PROPOSALS' FOR AMERICAN WATER

th October, 1845.

CRALED PROPOSALS, endorsed "Proposals for hemp," will be received at this bureau until the 15th December next, for delivering one hundred and fifty tons of "Imerican seter-retted hemp, at such storehouse in each of the cities of Louisville, Kentucky, and St. Louis, in Missouri, as may be designated by the United States hemp agent at those places; the deliveries to be made between the first day of March and the first day of July, 1846, and accompanied by satisfactory evidence that it has been water-retted in the usual manner.

The hemp must be thoroughly dressed, cleaned, free from shivers, and must not lose more than sixteen per cent. of tow and waste when hatchelled, to the satisfaction of the inspectors, ready for spinning. Its strength must be such, that a rope of one and three-fourths of an inch in circumference, made from twenty-one yarms, as prepared and tested by the inspectors, or by their direction, will bear at least four thousand two hundred pounds; and its length, color, and other properties, must be entirely satisfactory to the inspectors, or the chief of this bureau, or it will not be received. It will be inspected and tested at the respective places of delivery.

For the hemp which may pass inspection and be

CAUTION to those who purchase or take BECK-WITH'S anti-dyspeptic pills.

I have satisfactory evidence that Beckwith's pills have been extensively counterfeited in various parts of the country, and particularly at New York, and sold at prices much below what the genuine article can be afforded at.

Since the agency of Mr. Henry D. Turner, John street, New York, ceased, on the 14th February, 1844, I have appointed no agents, and now have none in any section, except Dr. T. W. Dyott & Sons, of the Columbian College, Philadelphia. Those, therefore, who wish to purchase or take the genuine pills, must obtain them either of myself, or of those gentlemen, or of persons known to purchase them of one or the other. Dr. Dyott & Sons are enabled by me to sell upon the same terms as I do myself.

insure houses, mills, factories, barns, and their contents, and all other descriptions of insurable property, against loss or damage by fire. The rates of

which often in a single hour sweeps away the earnings of many years.

PROSPECTUS OF THE NEW LIBRARY OF LAW AND EQUITY, under the direction of Francis J. Troubat, esq., of Philadelphia, Hon. Ellis Lewis, of Lancaster, and Wilson McCandless, esq., of Pittaburgh.

This work contains the best productions of English law authors, without regard to priority of claim on the part of any American publisher. Such tooks are now notoriously too dear. The reason is, that as fast as they appear, they become monopolies in the hands of booksellers in the Atlantic cities. Under the plea of right, acquired by the addition of notes of American decisions, the latter claim an undivided title to those works, and set a burdensome price on them. The publishers of the work now offered to the profession throughout the Union, will not respect such titles, but will reprint the standard British law books as fast as they emanate from the London market. Should new editions of the works of such writers as Starkie, the Chittye, Stephen, and Archbold, appear, they shall also be included; and digests of equity and law decisions—works which have been studiously kept out of the Law which have be

ELIXER OF CALISAYA BARK.

ELIXER OF CALISAYA BARK.

THIS preparation is particularly recommended to persons of weak habit, and to such as reside in low situations, where the nervous system is, in general, more or less relaxed. The addition of certain ingredients has so completely disguised the taste of the bark, as to render this efficacious remedy, a most palatable cordial; thus peculiarly adapting it to conquer that repugnance which most persons experience after taking for some time bitter potions, as it combines the greatest efficacy with a highly agreeable flavor. As a preventive of the ague it has superseded the use of all other remedies, in such parts of the country as it is known. Prepared only by J. Milhau, No. 183 Broadway, New York. Price \$1 per quart bottle.

GREAT ENGLISH REMEDY

tendence of the inventor.

The extraordinary success of this medicine in the curse of pulmonary diseases, warrants the American agent in soliciting for treatment the WORST POS-SIBLE CASES that can be found in the community; cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished physicians as confirmed and incurable. The Hungarian Balsam has cured, and will cure, the most desperate of cases. It is no quack nostrum, but a standard English medicine, of known and established efficacy.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicine in all cases of Colda, Coughs, Spitting of Blood, Pain in the Side and Chest, Irritation and Soreness of the Lungs, Bronchitis, Difficulty of Breathing, Hectic Fever, Night Sweats, Emaciation and General Debility, Asthma, Influenza, Hooping-Cough, and Croup.

13-Sold in large bottles at \$1 per bottle, with full directions for the restoration of health.

ring pregnancy and subsequent confidement; relieving sickness at the atomach, headache, heartburs and many of the incidental nervous affections. Literary men, students, and most other persons of sedentary habits, find them very convenient. Those who indulge too freely in the pleasures of the table find speedy relief from the sense of coppression and distension which follow, by taking the pills. As a dinner pill, they are invaluable. Those who are drinking mineral waters, and particularly those from southern climates, ague and fever districts, will find them a valuable adjunct. Those who are exposed to the viciositudes of weather on voyages or journeys, can take them at all times with perfect safety. In full doses they are a highly efficacious and safe antibilious medicine. They seldom or never produce sickness at the stomach or griping.

There have been many imitations and worthless counterfeits of these pills put in circulation by unprincipled and ignorant persons—the directions, wrappers, &c., of the genuine pills so closely and accurately copied, that the closest observer could not, without a trial of their effects, distinguish between them.

PROSPECTUS OF THE NEW LIBRARY OF LAW AND EQUITY, under the direction of Francis J. Troubat, esq., of Philadelphis, Hon. Ellis Lewis, of Lancaster; and Wilson Mecandless, esq., of Pittshurch.

great advantage in curing the dyspepsia, or indigestion, bronchits, liver complaint, &c.

They are an infallible medicine for female complaints generally, and especially for removing those so but certain periods; they possess the eminent advantage over most other purgatives, that, while they operate gently, they produce neither cossiveness, debility, or too great excitement.

Whenever there is a predisposition to receive disease from marsh effluvia, or from a too copious use of ardent spirits, or from a vitiated state of the bile, these pills will assuredly counteract it.

They are highly recommended to travellers by sea or land, and may be made use of with safety without change of diet, and in situations where no exercise can be used. They will be found particularly valuable for preventing diseases incidental to hot climates; they deterge and cleanse viscid humors, open obstructions, and promote the secretion of good bile, operate as an easy cathartic, as a powerful diuretic, and as a diaphoretic.

Dr. Dyott, under the strong conviction of the power of his pills to relieve the afflicted, recommends the use of them to those who are in health as well as the afflicted, at leace once a fortnight, during the spring and summer months, in which he feels assured those who attend to his advice will find the benefit they seek.

Take notice—each box is scaled with red wax, stamped with the proprietor's coat of arms, signed T. W. DYOTT, M. D., and T. W. DYOTT, M. D., and T. W. DYOTT, ir.
